### SCILICET NOTATIONES VARIASQUE SIGNIFICATIONES

#### JUSTO ORDINE TRADENS.

#### AB

**A** *ab*, and *abs*, are prepositions of the same signification, and govern the ablative case. The first is used before words beginning with a consonant, the second before such as begin with a vowel, and the last when the initial consonant is *q* or *t*; for the exceptions with respect to *r* and *s* are so very few that they scarcely merit notice. *Ab* is of most frequent occurrence, from standing before not only all the vowels, but all the consonants occasionally, unless *q*, *v*, and *z*. According to most Dictionaries its significations exceed twenty; but although the English may be improved by that variety, it will be of advantage to the learner to restrict the number to three or four. Indeed this variety of meaning is not suggested or conveyed by the preposition, but arises chiefly from the other words of the sentences, as the following examples from Ainsworth will testify. 1 From. 2 By. 3 By reason of. 4 After, next. 5 At. 6 In. 7 The term from. 8 For that reason. 9 Out of. 10 From. 11 Against. 12 For. 13 After. 14 For, on our side. 15 On. 16 With. 17 In comparison of. 18 As far as from. 19 Towards an object. 20 The moving cause, for, out of. 21 The part affected. 22 A relation to the subject. In all these instances, the preposition may be translated by from, by, or for. Take the same author's examples. 1 A rebus, from things. 2 *Ab his*, by these. 3 A spe, from hope. 4 *Ab illo*, from him. 5 *Ab ostio*, by the door. 6 A mendacio, by a lie. 7 A labore, from labour. 8 A re, from the thing. 9 A Germania, from Germany. 10 A puero, from a boy. 11 A frigore, from the cold. 12 A me, or me. 13 A securi, from the axe. 14 A me, for me. 15 A
